TITLES

ELECTRICAL MOTORS AND SYSTEMS

Reliability of large motors: Synchronous have best record ..... Oct 42
Acoustic emission testing of reactor coolant pump motor flywheels ..... Oct 62
Vintage hydro plant switches to static excitation (Field Notes) ..... Nov 65

ENVIRONMENTAL CONTROL AND MONITORING

Environmental qualification of nuclear plant components: Safety and economics ..... Apr 54
Increasing flue gas desulfurization system reliability ..... May 50
Effect of aluminum on streams and fish to be studied (Field Notes) ..... Jul 56
Controlling opacity excursions of hotside precipitators ..... Aug 54
Integrated air pollution control for coal-fired utility boilers ..... Sep 39
Dry FGC system: Start-up, performance and acceptance tests ..... Oct 50
Determining corrosivity of flue gas condensate ..... Oct 56
First FGD system under revised NSPS shows high availability and efficiency (Field Notes) ..... Oct 66

EXOTIC POWER

Solar troughs will serve largest solar electric generating station (Field Notes) ..... Feb 22
Wood-burning cogeneration facility serves chemical plant (Field Notes) ..... Feb 24
Developments in exotic power ..... May 30
Utility opens efficient homes to demonstrate conservation techniques (Field Notes) ..... Oct 66

FUELS, STORAGE AND HANDLING

Wood-burning cogeneration facility serves chemical plant (Field Notes) ..... Feb 24
Spent nuclear fuel rods encapsulated in copper ..... Apr 60
Coal supplies, acquisition and transportation ..... Jun 34
Minimizing wastewater with bottom ash recirculation systems ..... Jun 50
Waste products fuel cogeneration plant on Fiji Islands (Field Notes) ..... Jul 58
Hopper heater design based on computer model and verified by test ..... Aug 43
Control of solid fuel slagging ..... Aug 48
Silicone fluid drive cuts repairs and downtime on clinker crusher (Field Notes) ..... Aug 64
Designing for better conveyor belt cleaning ..... Nov 42
Scandinavian power and energy resources ..... Nov 46

HYDROELECTRIC POWER

Hydro plant in deep mine expected to save $40,000/yr in electricity costs (Field Notes) ..... Mar 28
Hydro plant upgraded for higher output and remote operation ..... Mar 55
Submersible pumps end flood risk at hydroelectric power house (Field Notes) ..... Apr 72
Irrigation canal powers low-head hydro (Field Notes) ..... Jun 60
Pumps prove versatile as hydraulic turbines ..... Jul 52
Power tunnel bored beneath old dam (Field Notes) ..... Jul 56
Old hydro plant reconstructed (Field Notes) ..... Jul 58
Swiss firms to supply equipment for 2400-MW hydro plant in Turkey (Field Notes) ..... Aug 62
Vintage hydro plant switches to static excitation (Field Notes) ..... Nov 65
1500-kW hydro plant goes on line in seven months ..... Nov 66

INSTRUMENTS, COMPUTERS AND CONTROLS

Computer program helps prepare for new chlorine regulations ..... Jan 40
Retrofitted microprocessor-based combustion controls provide major savings ..... Jan 42
Computerized radiation data acquisition and management system at Seabrook ..... Mar 57
Ultrasonic sensors provide quick identification of condenser tube leaks ..... Apr 52
Upgraded corrective action program meets goals ..... Apr 56
Training department triples output with linked computers, electric file, and word processors (Field Notes) ..... Jun 61
Power plant control and monitoring: Trends and prospects ..... Jul 36
Advanced vibration monitoring system under development (Field Notes) ..... Jul 60
Controls modified to improve boiler operation, reliability and efficiency ..... Sep 35

MAINTENANCE AND CONSTRUCTION

Emergency condenser retubing spawns improved procedures ..... Jan 41
In chemical cleaning the third stage is crucial ..... Jan 46
Spare parts optimization, acquisition, inventorying ..... Feb 38
Techniques for applying coatings in nuclear power plants ..... Feb 49
Maintenance and upgrading inject new life into power plants ..... Mar 42

People, a key resource for improving maintenance ... Mar 51
Upgraded corrective action program meets goals ... Apr 56
Design and maintenance of valve packing systems to prevent leaks ... Apr 66
Polar crane guidelines evolve from TMI damage assessment ... May 40
NDT: Replication avoids unnecessary replacement of power plant components ... May 44
Ensuring clean lube oil for large steam turbines ... Jun 46
Successful field welding of turbine casing cracks ... Jul 48
In-house condenser tube pulling facilitated with new equipment ... Aug 58
First of four 350-MW units goes on line in 3½ years in Hong Kong plant (Field Notes) ... Aug 63
When to repair or replace steam control valves ... Sep 55
Seaside power plant gets good looks as well as protection (Field Notes) ... Sep 65
Acoustic emission testing of reactor coolant pump motor flywheels ... Oct 62
Hydro-blasting of turbine generator lube oil system cuts duration of flush by one-quarter ... Dec 36
Abrasion-resistant pipe linings eliminate pipe rotation and replacement (Field Notes) ... Dec 51

MANAGEMENT

Tax incentives for computerization ... Jan 57
People, a key resource for improving maintenance ... Mar 51
Growth of electric power in Europe ... Mar 61
New generating plants: When, where and by whom ... Apr 42
Planning the electric future amidst growing uncertainty ... Apr 62
Hannover Fair '84—Mecca for energy experts (Field Notes) ... Jun 62
19th annual POWER ENGINEERING marketing seminar ... Jul 17
Cogeneration—Repowering American industries ... Jul 18
Plant life extension—An economic recycle ... Jul 20
New coal-based business opportunities ... Jul 23
Study for decommissioning coal-fired power plants ... Aug 38
Single-stage licensing in action ... Sep 53
Scandinavian power and energy resources ... Nov 46
Power from Canada: New imperatives and constraints ... Dec 39

NOMOGRAMS

Nomogram determines fan power ... Jan 48
Nomogram calculates power plant coal use ... May 39
Nomogram estimates boiler and fired-heater efficiencies ... Jun 58
Nomogram calculates coal inventory needs ... Aug 60
Nomogram estimates steam separator size and design velocity ... Nov 56
Nomogram estimates steam air heater performance ... Dec 47

NUCLEAR

Isolation dampers for nuclear plant HVAC system designed and built in record time (Field Notes) ... Feb 20
Techniques for applying coatings in nuclear power plants ... Feb 49
Computerized radiation data acquisition and management system at Seabrook ... Mar 57
Environmental qualification of nuclear plant components: Safety and economics ... Apr 54
Spent nuclear fuel rods encapsulated in copper ... Apr 60
Swiss magnet will aid fusion research (Field Notes) ... Apr 70
Polar crane guidelines evolve from TMI damage assessment ... May 40
A new solution to the baffle jetting problem ... Sep 46
Single-stage licensing in action ... Sep 53
Small nuclear reactors for power and process heat ... Nov 26

PRIME MOVERS AND GENERATION

Wood-burning cogeneration facility serves chemical plant (Field Notes) ... Feb 24
Combined cycle coal gasification: Options for power plants ... Feb 57
Uninterruptible power system gains interruptible rate and 30% saving (Field Notes) ... Mar 32
Growth of electric power in Europe ... Mar 61
New generating plants: When, where and by whom ... Apr 42
Process plant heat recovery and cogeneration ... May 48
Ensuring clean lube oil for large steam turbines ... Jun 46
Cogeneration—Repowering American industries ... Jul 18
Pumps prove versatile as hydraulic turbines ... Jul 52
Waste products fuel cogeneration plant on Fiji Islands (Field Notes) ... Jul 58
First of four 350-MW units goes on line in 3½ years in Hong Kong plant (Field Notes) ... Aug 63
Trends in industrial power plants ... Oct 26
Coal gasification combined cycle power plants: A flexible option for the 1990s ... Nov 36
Scandinavian power and energy resources ... Nov 46
Diesel drive is economical choice for large fan (Field Notes) ... Nov 66
Power from Canada: New imperatives and constraints ... Dec 39
Steam turbine acceptance testing: Measurement uncertainty and coverage ... Dec 44

PUMPS, PIPING AND VALVES

Slurry valves for power plants ... Jan 26
Slurry valve applications for power industry water and waste treatement ... Jan 26
Valve selection and application for FGD slurry service ... Jan 29
Valve requirements for coal-water slurries ... Jan 32
Design and maintenance of valve packing systems to prevent leaks ... Apr 66
Submersible pumps end flood risk at hydroelectric power house (Field Notes) ... Apr 72
Pumps prove versatile as hydraulic turbines ... Jul 52
When to repair or replace steam control valves ... Sep 55
Mile-long pipeline built to switch from in-house to utility-supplied steam (Field Notes) ... Oct 64
Pumps for power plants: Design, maintenance and upgrading ... Dec 26
Centrifugal pumps retrofitted with bellows seals, reduces maintenance and waste disposal problem (Field Notes) ... Dec 50
Abrasion-resistant pipe linings eliminate pipe rotation and replacement (Field Notes) ... Dec 51

SAFETY AND FIRE PROTECTION

Management approach to safety enhances overall work environment ... Jul 47

STEAM GENERATORS AND AUXILIARIES

Highly reliable feedwater heaters: Specification, design and operation guidelines ... Jan 36
Dissimilar-metal weld failures in boiler tubing ... Feb 52
Ultrasonic sensors provide quick identification of condenser tube leaks ... Apr 52

Increasing flue gas desulfurization system reliability ..... May 50
Modifying supercritical pressure units for cycling operation ..... Jun 54
Calculating film coefficient for water in heat exchanger tubes (Field Notes) ..... Jul 60
Waste heat recovery and conservation ..... Aug 26
Control of solid fuel slagging ..... Aug 48
Boiler upgraded with new spiral furnace (Field Notes) ..... Sep 66
Maintaining condensate/steam quality ..... Oct 45
Steam turbine acceptance testing: Measurement uncertainty and coverage ..... Dec 44

WATER, WASTE TREATMENT AND MANAGEMENT

Slurry valves for power plants ..... Jan 26
Slurry valve applications for power industry water and waste treatment ..... Jan 26
Valve selection and application for FGD slurry service ..... Jan 29
Valve requirements for coal-water slurries ..... Jan 32
Computer program helps prepare for new chlorine regulations ..... Jan 40
Meeting the challenge of power plant water treatment ..... Sep 24
Patent obtained for radiation and chemical monitoring system (Field Notes) ..... Sep 66
Biofouling control through targeted chlorination ..... Oct 38
Maintaining condensate/steam quality ..... Oct 45
Centrifugal pumps retrofitted with bellows seals, reduces maintenance and waste disposal problem (Field Notes) ..... Dec 50

DEPARTMENTS

ENVIRONMENTALLY SPEAKING

Let's start the new year right: In rich pastures of ignorance ..... Jan 20
Progress and an idea ..... Feb 16
D&AA helps raise clearance costs ..... Mar 22
Dust-, weed- and self-control ..... Apr 30
Radon-in-homes study update ..... May 16
NCAS spoken here ..... Jun 22
Mad dogs and acid research ..... Jul 30
Bright spots and critics ..... Aug 15
Monitoring and dirty birds ..... Sep 16
Whole body diagnosis is needed ..... Oct 16
Crops and international costs ..... Nov 12
Coal's prestige rises ..... Dec 14

GENERATION IN FOCUS

Electricity powers growth— where will it come from? ..... Jan 12
R&D, upgrading and new plants ..... Feb 8
General economic forecast optimistic— utility forecast gloomy ..... Mar 12
Fair and equitable sharing ..... Apr 12
Electric imperative—keep it cheap and abundant! ..... May 10
Getting nuclear power back on track ..... Jun 14
Continued growth is the bugbear of anti-utility and anti-nuclear factions ..... Jul 10
New fuels, old fuels, waste fuels—and some unconventional systems—will help meet growing demands ..... Aug 8
Developments fast and furious—to what end? ..... Sep 10
Regulation, energy efficiency, and forecasts ..... Oct 10
Energy consumption—coal, oil and gas all show high growth ..... Nov 8
Energy consumption and conservation ..... Dec 10

NUCLEAR POWER ENGINEERING

PASS owners' groups ..... Jan 16
Rating a risk ..... Feb 12
NRC fiasco ..... Mar 16
The large economic breeder is taking shape in the U.S. ..... Apr 22
FFTF—superb, of course ..... May 12
More risk from home radon than from weapons test fallout ..... Jun 18
Closing the fuel cycle in Japan ..... Jul 14
Power densities of supply and demand systems ..... Aug 14
Electric growth: guides for estimating how much ..... Sep 14
Nuclear chemistry excellence ..... Oct 12
Energy in the classroom ..... Nov 10
Buy maintenance from the French? ..... Dec 12

OPINION

Is the aluminum industry getting canned? ..... Jan 25
GNP and electricity growth continue strong ..... Feb 37
Are the French really wiser? ..... Mar 41
Growth up, construction down, options limited ..... Apr 41
Meeting the increased demand for electricity ..... May 29
White knight—King Arthur or Don Quixote? ..... Jun 33
New emphasis on operation and the operator ..... Jul 35
Needed: Fundamental research in traditional as well as in new areas ..... Aug 25
Another giant step in self-anointed misery ..... Sep 21
Load growth, power supplies and conservation— to each his own ..... Oct 25
Economical and reliable electricity is primary need ..... Nov 25
1984 a watershed ..... Dec 25

POWERING INDUSTRY

Yesterday's trash today's gold? ..... Aug 16
Alternate fuels ..... Oct 14
Biggest cogeneration show yet ..... Dec 16

WASHINGTON ENERGY REPORT

Development-free buffer zone ..... Jun 28
Anticipated record demand ..... Jul 32
The natural gas industry since the Natural Gas Policy Act of 1978 ..... Sep 18
West Coast intertie expanded ..... Nov 14
